## Denver (Corgi)

Hello Kathy,

Denver is great, but boy does he have his own personality.  
He lets us hold, brush, and pet him.  
He will lay on the couch with us.  
He has started throwing his toys all around the room.  
We didn't teach him that (I don't know that  
you could teach a dog to do that).  
He wants anything you have in your hand.  
He really gets after brooms or mops.  
He is not afraid of anything (lawnmower,  
pressure washer, vacuum cleaner, anything).  
If we had a riding lawn mower he would have to ride with me.  
He will set and stay on command, for a treat.  
Denver has a beautiful physique, stature,  
just a very good looking little fellow.  
He is a very good 14 lb dog at 6 months old.  
We really love him, he is my little buddy.

We could not have asked for a better dog.  
Don & Debra
